

HUERTA WILL CALL MEXICO CONGRESS

NOTE TO DIPLOMATS ASSERTS INTENTION TO CARRY OUT ANOTHER ELECTION.

WILL ABIDE BY VOTE RESULT

Dictator Betrays No Sign of Yielding to Demand of United States—May Force Washington to Publish Huerta's Reply.

City of Mexico.—In the formal note to the foreign diplomats Gen. Huerta, after calling attention to the efforts he had made to pacify the country and dwelling at length upon his reasons for dissolving congress, makes the direct statement that the newly elected congress will be installed within a few days and will pass upon the election of the president and vice president.

Gen. Huerta reminds the diplomats that prior to the elections he told them neither he nor Gen. Blanquet would accept an election on the ground his own election would be illegal, and he calls to the attention of the diplomatic representatives the conference which he had with the presidential candidates, at which he obtained their promise to abide by the result of the elections, even should no one obtain the necessary number of votes.

Huerta Takes It Coolly. Government officials, foreign residents and the people of Mexico realize that the relations between this country and the United States are strained almost to the point of war, but there is perhaps no man in the entire republic who knows one day what Washington will do the next.

John Lind himself, who represents the president of the United States, is ignorant of the affairs of his chief and if Gen. Huerta is anxious at all regarding him may develop he does not betray it. Although he has sent to the diplomatic representatives of the foreign nations a note, which in effect is a defiance of Washington, he was conspicuous in the capital about town long after the midnight hour and indulged in relaxation in the company of his military friends.

More uneasiness is apparent at the American embassy than at the national palace. At the palace the opinion was freely expressed, not infrequently accompanied by sneers, that the United States would never intervene in Mexico.

It is considered that Huerta's open note to the diplomats will make it impossible for Washington longer to withhold the exact character of Huerta's reply, which was made last week, and that this publicity will make some more definite step necessary immediately.

Although Mr. Lind appears not to have made progress toward altering the opinions of the British minister, Sir Lionel Carden, his relations with the German minister seem to be much closer. Adolph von Hintze, the German minister, was the guest of Mr. Lind at a luncheon.

DAME OPPOSES CLEMENCY

SUFFRAGE LEADER SAYS MURDERESS SHOULD HANG.

Mrs. Carlos French Stoddard of Connecticut Says Sex Discrimination Would Be Wrong.

New Haven, Conn.—The movement to commute the sentence of or pardon Mrs. Bessie J. Wakefield, sentenced to die March 4 for the murder of her husband last June, Judge Burpee in sentencing her to hang, said:

"While I know little of the Wakefield case, I would not hesitate to say that as long as a woman has been convicted of first degree murder, she should be hanged. The law says that is the penalty, and that she is a woman is no reason why the penalty should not be inflicted. I believe we must maintain the law, and I cannot see how any sex discrimination could be shown."

Mrs. Wakefield was convicted last week, with James Plew, of having killed her husband last June. Judge Burpee in sentencing her to hang, said:

"The jury having found you guilty, there is but one penalty. The sentence is that you be hanged by the neck until you are dead, March 4, 1914."

Mrs. Wakefield shuddered slightly. She turned to go and staggered. The wife of the father helped her from the court room. Then she collapsed. Plew was sentenced to die with her on the same day. He took the sentence very calmly.

CLAIRVOYANTS FORM TRUST

Irregular Ones, Who Refused to Pay Graft, Forced Out, Says State's Attorney Fleming.

Chicago, Ill.—Charges that a "clairvoyant trust" was formed at a dinner given in Chicago in 1911 for the double purpose of fleecing the public and providing graft for politicians were made by Assistant State's Attorney Fleming in his opening statement to the jury, when the first two cases of men indicted in the clairvoyant trial were started.

The men on trial are Barney Bertsche, saloonkeeper and ex-politician of the Busse wing of the Republican party, and "Port," James Ryan, alias Charles C. Crane, charged with swindling Mrs. Hope McElidowney of La Crosse, Wis., out of several thousand dollars.

Fleming said the state expected to prove that clairvoyants not in the "trust" and who refused to pay protection money to politicians were forced to quit business.

SECRETARY BRYAN DECLARES REPORT UNFOUNDED.

Informal Inquiries by France as to Possible Service Understood to Have Been Made.

Paris.—The French government is considering the possibility of offering in this moment of crisis its friendly services to the United States and Mexico.

Nothing has been done, it is understood, beyond making informal inquiries at Washington and Mexico City as to whether anything could be done to ease the present tension and perhaps arrive at a satisfactory arrangement.

Washington.—Secretary of State Bryan declared unfounded the press dispatch from Mexico City which said that Washington had sent an ultimatum demanding that Huerta resign the presidency without loss of time.

Discussing this, Bryan said: "I have made it a rule not to discuss newspaper reports concerning international matters; but the nature of the dispatches from Mexico suggest a departure from the rule at this time."

"No ultimatum has been sent to Mexico, and it is unfortunate that the press should give credence to such a report. The harm done by speculation or even inaccuracies in regard to domestic questions is limited, because the people are acquainted with the subject and can make allowances; but as misstatements in regard to international matters may lead to serious consequences, I feel justified in making the above denial."

Indianapolis, Ind.—The strike of the employees of the Indianapolis Traction and Terminal company was settled through the efforts of Gov. Samuel M. Ralston. The employees won their demand for arbitration, but nothing is said about recognition of the union in the terms of settlement.

The company, however, is not compelled to reinstate men who engaged in violence during the strike, but the refused men may appeal to the public utilities commission of Indiana for a hearing.

The company must take up these grievances with its employees within five days after the resumption of service. MITCHEL CHOSEN NEW YORK MAYOR

Fusionists Utterly Rout Forces of Tammany Hall.

DEMOCRATS WIN MANY STATES

David I. Walsh Is Elected Governor of Massachusetts by Large Margin—James F. Fielder Carries New Jersey for Governor.

New York, Nov. 6.—John Purroy Mitchell was elected mayor of New York Tuesday, and Tammany hall suffered the most crushing defeat it has known in many years.

The fusionists, besides electing their candidate for mayor by more than 121,000 plurality, also were generally victorious in the county and borough elections, and the rule of Charles F. Murphy was put in great peril. It seems certain that a movement will be started, with national approval and encouragement, for the rebuilding of a new Democratic organization in New York city and state.

John Purroy Mitchell.

Agreement, for the rebuilding of a new Democratic organization in New York city and state.

To add to Murphy's plight, returns from upstate showed that the next assembly will be Republican by a majority of 33 over both Democrats and Progressives.

Sulzer Is Elected.

One of the spectacular features of the state election was the triumph of former Governor Sulzer, who, running on the Progressive ticket in the sixth district, was sent back to Albany to sit in the assembly which impeached him.

George McAneny was elected president of the board of aldermen, with the prospect of becoming mayor should anything happen to take Mr. Mitchell away. He won by 50,000 plurality over Joseph A. Goulden, Tammany's candidate.

William A. Prendergast was elected comptroller over Herman A. Metz by about 25,000, due undoubtedly to the attacks directed especially against his candidacy.

Marcus M. Marks was chosen borough president of Manhattan over Dr. Thomas Darlington (Tammany) by 14,000. Tammany even lost its county ticket in New York county. It had lost the board of aldermen.

Fusion candidates will fill all the chairs in the important board of estimate meetings except that of Queens, where Borough President Connolly, independent Democrat, whom fusion did not endorse, was elected. Nobody, however, expects Tammany to get any benefit from his vote.

In Other New York Cities. Schenectady ousted her Socialist mayor, George R. Lunn, and elected J. Teller Schoolcraft, Citizens' candidate.

The Progressives gained their most striking victory in Syracuse. Louis Will, their candidate, defeated James E. Donlan, Democrat, and Eugene J. Mack, Republican, in a race so close that only a few hundred votes separated all three candidates. Johnstown also elected a Progressive mayor by a plurality of 11 votes.

Other upstate municipal elections resulted in the victory of the following candidates for mayor:

Albany—Joseph G. Stevens (Rep.). Buffalo—Louis F. Fuhrmann (Dem.). Utica—James Smith (Dem.). Troy—Cornelius F. Burns (Dem.). Poughkeepsie—Daniel W. Wilbur (Rep.).

Rochester—Hiram R. Egerton (Rep.). Auburn—Charles W. Brister (Rep. and Prog.). Amsterdam—James N. Gline (Rep. and Prog.).

Rome—H. C. Midlam (Dem.). Watertown—Isaac R. Breen (Rep.). Elmira—Harry N. Hoffman (Fus.).

Massachusetts Democratic. Boston, Nov. 6.—In what can be no better described than a landslide David I. Walsh, Democrat, was elected governor of Massachusetts Tuesday. His plurality was \$7,815. Boston gave him a plurality of 28,000, a record never beaten by a gubernatorial candidate.

Edward P. Barry, Democrat, was elected lieutenant governor by about 20,000, and the result is hardly less surprising than Walsh's great plurality, for the election of Augustus G. Gothing, Republican, to the second place had been conceded by even the Democrats.

The contest between Charles S. Bird, Progressive, and Congressman Augustus P. Gardner, Republican, was a close one.

which has developed nation-wide interest because it was the only really good fight between Progressive and the old guard anywhere in the country went in favor of the followers of Roosevelt.

The joke of the campaign proves to have been Governor Foss, running as an Independent.

Calvin D. Paige of South Bridge, Republican, was chosen to succeed the late William H. Wilder, Republican, in the special election in the third congressional district.

New Jersey Elects Fielder. Trenton, N. J., Nov. 6.—Fielder Democratic candidate for governor, was elected Tuesday by over 25,000 plurality.

Apparently nothing was left undone by the leaders to hold the Fielder vote in check, for all sorts of concessions to the Republicans were made, especially in the strong organization wards. Stokes received the bulk of the Progressive vote, a small percentage going to Everett Colby, Progressive, the third candidate for the post in the field.

James F. Fielder became acting governor when President Wilson retired from the office to go to Washington. He was the declared choice of President Wilson for nomination by the Democratic party, and Secretary Bryan and other notables took part in the campaign in his behalf.

Blair Lee Maryland Senator.

Baltimore, Nov. 6.—Blair Lee, Democrat, was elected to the United States senate Tuesday to succeed William P. Jackson, Republican, appointed by Governor Goldsborough to fill the unexpired term of the late Isador Rayner, and Charles T. Coady, Democrat, was elected to the house of representatives from the Third district to fill the unexpired term of the late Representative Koenig, Democrat.

The Democrats were victorious all along the line, electing Emerson C. Harrington state comptroller and Caleb C. Magruder clerk of the court of appeals.

Stuart Governor of Virginia.

Richmond, Va., Nov. 6.—The entire state Democratic ticket, headed by Henry Carter Stuart for governor, was elected Tuesday without Republican opposition.

Many Towns Go "Dry."

Springfield, Ill., Nov. 6.—With the first time figured in local option elections in Illinois, the "drys" Tuesday won sweeping victories in downstate cities and villages.

Twelve towns which now have saloons were captured by the "drys." In ten other places which already were "dry" the anti-saloon forces routed the "wets."

The "wets" won in only five towns, all of which already have saloons.

Returns from the elections in various cities of Ohio show the following results:

In Cincinnati Frederick S. Spiegel (Rep.) was elected mayor over Henry T. Hunt (Dem.), incumbent, by about 3,000 plurality. Cleveland re-elected

"My friends," he said, "I have already preached one sermon and made two long speeches to societies in different parts of the city, and before I have finished this evening you will think I am a wheel—the longer the spoke, the bigger the tire."

Only a few appeared to see the point, however, and the good doctor scorned to furnish a diagram.—Chicago Tribune.

Charles F. Murphy.

Newton D. Baker (Dem.) mayor by a reduced plurality. At Toledo Carl Keller (Rep.) was chosen mayor by a plurality of 7,000. Columbus re-elected George J. Karb (Dem.) mayor.

How Indiana Went. Returns from Tuesday's election in the various towns in Indiana show the following results:

In Indianapolis Joseph E. Bell (Dem.) for mayor was successful by a plurality of approximately 5,000. The Republican and Progressive candidates for mayor ran about an even race. Of the large cities in Indiana, Evansville, Terre Haute, Fort Wayne, Muncie, Logansport and Anderson will have Democratic administrations, while at South Bend and Lafayette the citizens' tickets were successful. For the first time in the history of Vincennes, the oldest town in Indiana the Republicans were successful, electing mayor and other city officials.

Riots and bloodshed marked the city election in Gary. R. O. Johnson fusion candidate for mayor, was elected over Thomas E. Knotts, the present incumbent.
